

# SHADOW

BY MELISSA HALEY

As I stand, I transform myself  
Energy eclipses so divine,  
you are mine.

Moonlight, you treat me right.

As I stand, you guide me  
with transforming my mind,  
as my sidekick, always dim, but divine.

As I stand, my shadow,  
my shadow, I control.

Looking forward on the ground  
in a 360 degree  
Oh, how you benefit me;  
allowing me to morph  
exist in the moonlight, sunlight, starlight,  
uour image is right.

As I stand bright,  
I eclipse these words  
from my lips. | MH
